**JULY SPEAKER SPOTLIGHT**

**COL (Ret) Frederick L. Clapp, Jr., P.E., F. SAME**

Rick Clapp graduated from the United States Military Academy, West Point, New York in 1977 and was commissioned as an Officer in the Army Corps of Engineers. He later earned masters degrees in construction management from Boston University and civil engineering from the University of Florida.

During 30 years as an Army Officer his assignments included service in Combat and Combat Heavy Engineer Battalions as well as several assignments with the U.S. Army Corps of Engineers (USACE). Highlights include command of the 65th Engineer Battalion, 25th Infantry Division and command of two USACE organizations- the Vicksburg District and the Transatlantic Programs Center. His last assignment was as the Deputy Garrison Commander for Transformation, Ft. Benning, GA.

After retiring from the Army in July 2007, he worked for SAIC, Inc. as a strategic planner focused on BRAC 2005 facilities planning and construction at Ft. Benning. In this capacity assisted with the BRAC MILCON program planning and execution and two BRAC focused Environmental Impact Statements.

Since October 2010 he has served as the Chief, Engineering Division, Directorate of Public Works at Fort Benning where he is charged with the planning, design and execution of the annual maintenance and repair construction program and oversight of 14 service contracts including grounds maintenance, refuse disposal and custodial services.

He currently serves as the Post President for the Fort Benning-Columbus SAME Post.

See you in Washington, DC this August!

You can’t afford to miss the upcoming DBIA/SAME Federal Project Delivery Symposium this August 19-21, 2014 at the Omni Shoreham. Be a part of the 600 industry leaders and more than 100 government agency personnel including GSA, NASA, National Guard, Air Force, U.S. Army Corps of Engineers, Dept. of Energy, Dept. of Veterans Affairs, and Homeland Security at this year’s Symposium.

Benefit from education sessions that highlight the spectrum of federal project types, from courthouses to barracks and highlight the use of design-build to tackle a variety of challenges from cyber security to energy conservation. Stay cutting edge by gaining access to design-build thought leaders in sessions aimed at explaining advances in the contracting methodology and the latest in design-build best practices.

And, for the first time, a dedicated Executive Forum track will feature high-level agency personnel in an intimate round table setting.

SAME Savannah Post 2014 Scholarship Program

The Savannah Post, Society of American Military Engineers may award up to five scholarships in 2014. At least three scholarships are in the amount of $1,000 for a single year open to a high school senior or current college student (freshman, sophomore, junior). One scholarship is a $2,500, 2 year scholarship open to a current college student with 2 years remaining – usually entering their sophomore or junior year this fall. The 2 year scholarship will be issued over a 2 year period and the winner will be required to be revalidated next year to ensure they continue to meet the grade and curriculum requirements. Last, one scholarship is a $5,000, 4 year scholarship open to a graduating high school senior. The four year scholarship will be issued over a four year period and the winner will be required to be revalidated each year to ensure the winner continues to meet the scholarship’s grade and major requirements. All scholarships will be awarded to the most deserving applicants based on academic achievement, participation in extracurricular activities, and affiliation with SAME.

After a review by the Scholarship Committee, the Post will announce the winners in early July 2014. The winners will be presented the scholarship checks at the July 2014 membership meeting or by mail if the winner cannot attend. Questions can be directed to Mr. Randon (202) 368-6150 or e-mail at frank.randon@usace.army.mil

28th Annual
Scholarship Golf Tournament
October 16, 2014
Hampton Cove, Huntsville

This tournament, that raises money to support SAME scholarships, will be a four golfer scramble with a shotgun start. A longest drive challenge, putting contest and closest to the pin challenge will be featured. Prizes will be awarded for both gross and net team scores.

SUSTAINING MEMBER BRIEFINGS 2014

For 2014, the Savannah Post SAME is offering Sustaining Member firms the opportunity to submit an article on their company for the monthly newsletter, and to have a two-minute briefing to discuss their firm at the monthly SAME meeting. Each firm will be asked to bring a gift to raffle. A list of all sustaining members is below with each member’s assigned month. Please contact Kevin Chafin at kchafin@cemseengineering.com or 843-875-3637 for more information.

NOTE: If you missed an opportunity to place a sustaining member article from a previous month, please remember you can still submit your article over the next three months.
LBYD, Inc. is a proven civil and structural engineering company that provides services for architects, engineers, contractors, commercial developers, public and private institutions and federal and state governments. LBYD engineers are currently registered in 42 states in addition to Washington DC and Puerto Rico. LBYD has completed engineering services for over 7,800 projects during our 40 year history. Civil and Structural Engineering services have been provided on a wide variety of project types including libraries, office complexes, hospitals, mixed-use facilities, convention centers, bridges, stadiums, arenas, educational and correctional facilities, manufacturing and industrial facilities, residential buildings and governmental facilities. These projects have a combined value of over $5 billion. LBYD is one of the largest providers of civil and structural engineering services in the Southeast and has offices located in Birmingham, Alabama; Huntsville, Alabama; Atlanta, Georgia and Tampa Bay, Florida.

LBYD has established itself as a leader in civil and structural engineering design solutions and innovations. LBYD has been honored to receive many awards for consistent excellence in the industry:

- Engineering Excellence Award for the Design of the Auburn University at Montgomery Wellness Center American Council of Engineering Companies (2014)
- Excellence in Construction for the Design of the Auburn University at Montgomery Wellness Center Associated Builder and Contractors (2013)
- Engineering Excellence Award for the Design of The University of Alabama’s Bryant-Denny Stadium South End-Zone Expansion American Council of Engineering Companies of Alabama (2011)
- Engineering Excellence Grand Award for the Design of the U.S. Space and Rocket Center Davidson Center for Space Exploration American Council of Engineering Companies of Alabama (2010)

The basic goal of our firm is to offer comprehensive civil and structural engineering services to our clients. LBYD places emphasis at all levels of management and production on personal responsibility for satisfaction of the project goals. As a result, the firm enjoys a reputation for fulfilling client requirements through design and documentation, which is accurate, economical, constructible, and delivered on time. LBYD takes pride in the fact that a very high percentage of our work is for repeat clients and continually strives to achieve quality and buildable engineering designs detailed to the highest degree.

LBYD has a vast range of military project experience, including:
